[Willows: the genus *Salix*.](#)

Author(s) : [Newsholme, C.](#)

Book : [Willows: the genus *Salix*.](#) 1992 pp.224 pp. ref.41

Abstract : The comprehensive world-wide survey of willows (*Salix* spp.) has an introductory chapter which describes the origin, global distribution and uses of willows. The next 2 chapters describe the general characteristics, classification and management of willows, and their management and cultivation. The remaining 4 chapters describe (a) descriptions (arranged alphabetically by species) of ornamental trees and shrubs for large gardens, parks and estates and (b) small gardens, dwarf and ground-covering species for rock gardens and tiny willows for sink gardens. A glossary and botanical indexes are included.
