online learning, k-12 teachi

Comments

Unique in its focus on K-12 teaching as they move from into account what teachers

guides the reader step by step as setting the tone, building a narrative that must be re-examined in the context of that teachers need practical strategies. This book provides an overview of the power of the learner-centered approach to online delivery and design. With sample lessons, the book guides teachers as they make the move to online teaching.

Recommended Citation
