Over the course of more than three centuries of Romanov rule in Russia, foreign visitors and residents produced impressions of the country. The product of years of painstaking research by one of the world's foremost authors, the realization of a major bibliographical project that records the details of over 1200 English-language accounts from Mikhail Fedorovich in 1613 to the abdication of Nicholas II in 1917, this is the most comprehensive bibliography of an inventory of accounts by travellers and tourists, Anthony Cross's ambitious and wide-ranging work includes accounts from diplomats to merchants, physicians to clergymen, gardeners to governesses, as well as by participants. Providing full bibliographical details and concise but informative annotation for each entry, this substantial work is a
