## The blue revolution: land use and integrated water management.

Author(s) : [Calder, I. R.](#)

Author Affiliation : Centre for Land and Water Use and Water Resources Research  
Newcastle, Newcastle, UK.

Book : [The blue revolution: land use and integrated water resources management](#)  
+ 192 pp. ref.11 pp. of

Abstract : The book discusses the revolution that is underway in the development of new plans, strategies and designs for land use and all water related development.

provides fresh information on land-water interactions that dispel much of the  
that has hindered rational land use and water resource decision making in the  
discursive chapters examine: a new understanding: land use and water interactions  
forests and water; myths and modern statements; water resources and the  
a systems approach to estimating evaporation; the new ideas; water resources  
and integrated water resources management.
