The ABC of NFT. Nutrient film technique.

Author(s) : [Cooper, A.](#)

Book : [The ABC of NFT. Nutrient film technique.](#) 1979 pp.181 pp. ref.50

Abstract : This book provides very detailed information on the cultural technique of Nutrient Film Technique (NFT), which, in the author's words, plants have their roots in a shallow stream of water in which are dissolved all the elements required, there being no solid medium. The method is already used in commercial horticulture in many countries and has great potential for other crops such as medicinal plants, sources of animal fodder and energy-source plants for fuel production. There are 3 main sections, covering: (1) layout and equipment, (2) operation of the system (nutrition, water, climate and pest protection) and uses (in growing fruit, vegetables, ornamentals and other crops). The book is written for the amateur gardener is not overlooked, being offered many ideas on indoor growing.

this method.<new para>ADDITIONAL ABSTRACT:<new para>Part 1 deals with layout of the system, its design and arrangement, methods of emptying the of maintaining the circulation, phytotoxicity testing, flow rate and slope, water consumption of crops, methods of supporting young plants and the use of matting. Part 2 is concerned with the operation of the system, such as the r and adjustment of pH and electrical conductivity, the formulation of nutrient working temperatures etc. Part 3 considers the variety of uses to which NFT
