### Abstract

Academic scholarship pertaining to Oriental rugs, which bega  
nineteenthcentury, has concentrated mainly on connoisseurs  
cultures of origin and the peoples that have produced these it  
for items produced without the taint of Western influence. Lit  
to the actual consumption of Oriental rugs in the West and th  
trade on the evolution of decorative taste or how they may re  
and social attitudes. Oriental rugs within the Canada have rec

leading to assumptions that the taste for Eastern floor-covering similar trends to England and the United States. This discussion Canadian context by using Toronto to explore the consumption the late-nineteenth and early-twentieth centuries and examining middle and upper class households in order to understand the influenced the popularity of Oriental rugs during this period. of international decorative trends coupled with changing attitudes cleanliness and the work of retailers and the carpet trade all popularity of Oriental rugs to the point that they became completely absorbed into the general lexicon of the *tasteful* interior.

Eastern rugs first came to North America with wealthy colonial homes with fine furnishings. Initially, they were imported through but direct trade with Turkish ports opened after the American Numerous eighteenth-century American portraits illustrate rugs on tabletops. Such carpets also appeared in numerous American from the seventeenth and eighteenth centuries, attesting to their widespread consumption.

Large scale European settlement of Upper Canada, or what is Ontario today, by the British began in earnest after the American England was forced to find land for those that remained loyal conflict. Partly due to the scarcity of resources and partly due to Oriental rugs, hand-knotted pile carpeting appears to have been Upper Canada during the early years of settlement in the late-early nineteenth-centuries. Bourgeois interiors during this period similar to the one depicted in the conversation piece painted by The painting depicted the wealthy Woolsey family of Quebec in interior. The painted geometric design on the floor was in keeping balance and symmetric that typified the classical decorative tastes that were seen to be at odds with the design sensibilities of Eastern however it was these same characteristics, particularly asymmetry their popularity.
