 **Measuring change in nutritional status.**Author(s) : [WORLD HEALTH ORGANIZATION](#)Book : [Measuring change in nutritional status.](#) 1982 pp.101 pp.

Abstract : This is a short and very practical set of instructions for the use of nutritional status indicators in children:40px;font-weight:bold;padding:0px 7px;">

children

Subject Category: People Groups[see more details](#)

's nutritional status as an indicator of the effectiveness of a nutrition or health intervention. It is written with feeding programmes in mind, but would also be useful for measures intended to improve children's growth. Topics dealt with include

measurement of height and weight, standardization of measurements and observer precision, calculation of changes in the prevalence of malnutrition criteria. It is a useful and usable field handbook.

Erica Wheeler.
