**SUMMARY**

This is the first book in a three-volume series which looks at the relationship between different sections of the British left and Bolshevism in the first half of the twentieth century. The main focus of this first book is on funding and political resources. Kevin Morgan goes far beyond the question of Russian gold, to dig beneath a host of myths and misconceptions. He shows that Labour's parliamentary advance was itself inconceivable solely on the basis of the workers' and trade union 'pennies' with which it is usually identified. In addition to the virtual market that developed in Labour's parliamentary nominations, there was almost always a need to cultivate private benefactors – not excluding Russian ones. Thus, as Morgan shows, George Lansbury drew on a wide variety of financial sponsors to create the space both for his own political career and for Labour's daily newspaper, the Daily Herald. As for the
