André Gide's Critical Reflection on Christianity in *Straight is the Gate* and *The Vatican Cellars*

Liu Ke

The intellectual trajectory of André Gide is to be considered in the context of a Catholic renaissance, which occurred in the Western world at the end of the 19th century. By examining this trajectory, we can get a general view of how the writer's life become so complex. The present paper, by reading and analyzing two books of Gide (*Straight is the Gate* and *The Vatican Cellars* as Lafcadio's Adventures), investigates Gide's critical reflection concerning his ambiguous relationship to Christianity, Protestantism and direct derision of Catholicism. Thus the purpose of our paper is also to call attention to the humanist's critical attitude.
