# An Analysis of the French economic industrial and military mobilization in the Revolutionary and Napoleonic wars 1799-1815.

*Ioannis Dionysios Salavrakos*

## Abstract

The intellectual aspiration of the paper is to analyse the economic and military mobilization in France during the Revolutionary and Napoleonic wars. Using detailed statistics from various sources related to the economy (agriculture, industry, confiscated goods and wealth the paper demonstrates that the economic industry which supplied the armies with adequate weapons and military industrial production, finance, trade) were problematic.
