Author(s) Robins, Nick

**Publisher** Pluto Press  
**Published** 2012

**Abstract** The English East India Company was the mother of the modern multinational. Its trading empire encircled the Company's takeover of much of India was achieved by force and fraud; in China, the battering ram was contemporaries and still reverberates today. The Corporation That Changed the World is the first book to explore factors that drove it to excess and eventual collapse. This expanded edition looks at recent activist and cultural reform agenda in light of the economic crisis. In his account of the Company's story Robins highlights enduring reading for students and academics in economics and history.
