Abstract Fiji, post-independence, has seen several governments, two military coups and, amidst sweeping social, economic and political changes, its journey towards a united, collective Fiji community. This republished edition of *Confronting Fiji Futures* is a forward-looking assessment of the realities facing Fiji in the present and the future. It focuses on the period of the coalition multiethnic party won government in a surprise landslide result. This book is the result of a collaborative research project between the Netherlands — an institution with a long tradition of collaborative teaching, research and advisory services — and Fiji from a number of vantage points. It has brought together a strong diversity of authors led by A. Haroon Akram-Lodhi, Yash Ghai, Holger Korth, Sunil Kumar, Biman Prasad, Jacqueline Leckie, Satendra Prasad, Steve Ratuva, Roland van Oort, and More
