A Glossary of Feminist Theory

Sonya Andermahr

Distributed Exclusively in the Usa by St. Martin's Press (1997)

Abstract

This glossary is both an introduction to the key words of feminist critical theories and a guide to their origins. Acknowledging the variety of contemporary feminist theories, the glossary includes entries on black, post-colonial, Italian, and French feminisms, and draws on a wide range of fields including semiotics, psychoanalysis, structuralism, poststructuralism, and deconstruction.
