## Abstract

OM, the sacred monosyllabic symbol of Parabrahma Paramãtman, is the pious and holy name of the Supreme Lord. It is cryptic, majestic, mighty, mystic, mysterious, sacred, sacrosanct, secret and transcendental by nature. It possesses enormous, extra-ordinary, inexplicable, immanent, spiritual power. There is no other word in the whole world, in any of the many literatures of the entire universe, which is so infinitesimal in character, and yet is full of such infinite meanings as this universal OM. It is most intensive in form and still extremely extensive in content. It is infinitely minute in appearance, nonetheless immensely colossal

in its all-pervasiveness. It is honored and worshipped by so many cultures and traditions, ancient as well as modern around the globe.
