Sub-culture Street wear brand Taiwanese trend

E-mail

DeMarcol

What is the "trend"? This vocabulary was extensive generation lips, the local trend of the brand risen, and the independent market, the influence should not be actually parsing trend "comes from. This special clothing culture, youth sub-culture out its aesthetic point of view origin is an important objective of this study: this create world famous street wear brands, and explore how to various trend of brand image, coupled with itself as the work experience and product design to verify the style and the international competitiveness of the trend vocabulary practice.
