Potential Networking Applications of Global Positioning Systems (GPS)

[G. Dommetry](#), [Raj Jain](#)

(Submitted on 24 Sep 1998)

The main goal of this study was to survey current applications of GPS to distributed systems and networks. Detailed lists of GPS products, current applications, addresses of manufacturers, and sources for further information are included in this report.

Comments: OSU Technical report, April 1996

Subjects: **Networking and Internet Architecture (cs.NI)**
