The principal aim of this review was to undertake a study of terminological resources relating to winemaking and development and state of the art of wine terminology. The present study covers all relevant aspects of wine terminology, terminography, and it also digs into history to reconstruct the development and growth of a most fascinating and terminology. Illuminating the context in which wine terminology started its development as a separate branch of this study shows different periods and stages of the development of winemaking terminology, reveals the far-reaching cultural interpenetration of its word-stock and highlights the dynamics of wine terminology research and analysis the world. It develops a classification of winemaking terminological resources, studies links between wine terminology industries (e.g. culinary terminology) and explains contribution made by Henri Faes and Eero Alanne to the development of terminology, as well as contributions by a number of industry professionals.
