## Writing Interview Protocols and Interviews: Tips for Students New to Qualitative Research

[Stacy A. Jacob, Slippery Rock University](#)

[S. Paige Furgerson, Texas Tech University](#)

### Abstract

Students new to doing qualitative research in the ethnographic traditions, often have difficulty creating successful interview articles. This article offers practical suggestions for students new to both writing interview protocols that elicit useful data and conducting interviews. This piece was originally developed as a classroom activity used by professors teaching qualitative research in conjunction with readings about qualitative interviewing.
