## Abstract

Cost and commercial management processes and practices in different countries, including the British Commonwealth, these practices are mainly market oriented and the impact of the foregoing recession has led most UK based cost consultants. The world's economic powerhouse is still transforming its construction

based system. UK-China cooperation agreements foster greater eco  
 better understanding of systems and processes in both countries. Th  
 construction cost and commercial management systems of these tv  
 Cost and Commercial Management systems to Chinese Engineering  
 increase their global competitiveness and business proves. It will be  
 management innovation in both UK and China construction industr
