[Compendium of wheat diseases. Second edition.](#)

Author(s) : [Wiese, M. V.](#)

Book : [Compendium of wheat diseases. Second edition.](#) 1987 pp.viii + 112 pp. n

Abstract : Following an introduction, part I contains descriptions on the incidence, symptoms, aetiology, epidemiology and control of infectious diseases caused by mycoplasma-like organisms, fungi (principally on seed and heads, on foliage stems and roots), nematodes, viruses and virus-like agents (including invertebrate insect vectors) and parasitic plants. In part II noninfectious diseases caused by other animal pests and by environmental factors are considered. A glossary is appended.
